

## Litany of the Church Seasons

Written for All Saint's Confirmation Camp 2017 at Camp Nawakwa

O God of all time, you set the planets in their courses and gave us seasons to mark our days.

Help us embrace the variety of your creation as we celebrate the milestones of our faith.

For Sundays that are green, like grass springing up from the earth:

Help us grow in faith.

Remind us that each Sunday is a chance to celebrate the resurrection anew.

For Advent Sundays that are blue, like the sky just before dawn:

Help us prepare for Christ's coming among us in the past, the present, and the future.

For Christmas, when our world is filled candlelight:

Help us shine the light of Christ to break through the shadows of this world and create warmth when the world is cold.

For Epiphany, when magi arrive from the East:

Help us celebrate Christ's dwelling among us as the glorious manifestation of God.

For Lent Sundays, draped in purple, the color of royalty:

Help us accompany Jesus, our ruler, on the long, hard journey to the cross and the tomb.

For the Easter Sundays, budding with new life:

Help us rejoice that death has been defeated by Christ's resurrection and that God makes all things new.

For Pentecost, a day of fire and Spirit-filled enthusiasm:

Help us proclaim the Good News of God with the passion and dedication of those earliest followers.

For every day, every week, every month, every year:

Be with us, almighty God, through our joys and sorrows, excitement and fear, hope and dread. Remind us always of your presence through every season of our lives.  
Amen.
